GOVTECH TODAY

PRESENTED BY MYTOWN

APRIL 19, 2019

Will San Francisco Ban Facial Recognition Technology?

A proposed ordinance would prohibit any municipal use of the software, a move that civil rights groups support, but is opposed by law enforcement organizations and some industry groups. READ MORE

Smart City Projects Are Not Only Big City Projects

Thinking that the Smart City phenomenon only applies to large, urban communities would be a mistake. It's not only possible for small and medium-sized municipalities to become smart, it's a lot easier than most people realize. It need not be complicated or expensive. The first step is to meaningfully engage citizens.
